Ms. Yuyan Luo has been engaged in the flower and bonsai industry for 40 years. In 1986, she became an apprentice of the Chinese bonsai master Wan Ruiming and is the seventh-generation inheritor of the "Wan Shi" Yangzhou School bonsai techniques. She was awarded the title of "National Young and Middle-aged Bonsai Star" in the first national bonsai competition. Her works have won numerous national and provincial awards, and her papers and bonsai works have been included in the "Chinese Bonsai Schools Series".

Ms. Luo She has organized the 11th National Penjing Exhibition and the 9th Jiangsu Horticultural Exposition, as well as a series of events of the Yang School Bonsai Art Seminar and the 50th Anniversary Achievement Exhibition of Qingquan Zhao's Bonsai Art. She has organized or co-organized multiple flower and garden-related activities at the Jiangsu Province Garden Expo, as well as provincial and city-level bonsai professional skills competitions, and has served as a judge (evaluator) for many provincial and city bonsai exhibitions and skill competitions.

In 2008, she successfully applied for the inclusion of Yang School (Taizhou) Bonsai Techniques as a national intangible cultural heritage item in the second batch. Her works were showcased on CCTV in 2023 and 2024, and she released first-day covers, electronic postal signs, and the "Bonsai Elegance" postal albums. Ms. Yuyan Luo has promoted research on the industrialization of bonsai and created cultural and creative bonsai gifts. She implemented the "Bonsai Craftsmanship Digital Project" to create comprehensive, authoritative, and long-lasting digital records for the preservation and inheritance of Yang School bonsai techniques.

Furthermore, Ms. Luo has continuously held the "Bonsai Lectures" to promote bonsai techniques in schools, communities, and senior universities. she has launched "Cloud Classes" and "Micro Classes" to promote and popularize bonsai techniques from multiple perspectives, laying a solid foundation for the application of Chinese bonsai techniques as a UNESCO Intangible Cultural Heritage.
